FOR IMMEDIATE RELEASE

Rave On Studio is excited to announce the digital release of the new Balligomingo acoustic album: "UAES Origins"

Vancouver October 7th 2010 – Rave On Studio is pleased to announce the Official release of Balligomingo's third release: "UAES Origins".

BALLIGOMINGO is **officially** releasing their acoustic album "UAES Origins", hot on the heels of their second release 'Under And Endless Sky' earlier this year. The album features two new songs, as well as stripped down, acoustic versions of five fan favorites. Fans can also download a pdf booklet form the website, which includes lyrics, production notes and notes from the band members.

With weeks on the 2010 Smooth Jazz charts, the way is paved for great success with UAES Origins.

"We wanted to show people the evolution of a song, and perform some of the material as it was originally written. We felt it added more fan value to previously released material, and we're also really happy with the two new releases. We are also hoping to reach a broader audience as well with the acoustic versions, they're a lot more intimate."
